12. AFFILIATION FEE INCREASE 2020/21

NALC SUBSCRIPTION INCREASE 2020/21

The NALC Management Board recommended that the NALC Assembly be invited to support recommending that the AGM agree the increase in affiliation fee for 2020/21. Subsequently, the NALC National Assembly met on the 9 July and agreed to a proposal to increase affiliation fees to 7.20p per elector with a cap of £1,840 for larger councils.

This will be further discussed at the NALC AGM on 28 October. Details will be reported to member councils once the AGM has made its determination.

CDALC SUBSCRIPTION 2020/21

As you will see in the Annual report the Association balances are around £91,500 at 31 March 2019. This is expected to decrease to around £83,000 at 31 March 2020.

Executive Committee members are therefore recommending that the CDALC affiliation fee should continue to be 10p per elector until such time as the Associations balances require an increase in fees.

A further recommendation will be made at the 2020 AGM regarding any subscription changes for 2021/22

15. PRESENTATION

In February 2019 Durham County Council declared a climate emergency and set a new target of reducing their emissions by 60 per cent by 2030 and to make County Durham carbon neutral by 2050.

A number of local councils across the country are taking an interest in this and have already declared their own climate emergency statements. They are responding by trying to do their best to assist with climate change etc. For example, in County Durham I am aware of two councils who have installed solar panels to assist with the production of clean electricity.

Claire Thompson from Capability North East and Nadia Wetherell (Sustainability & Climate Change Officer from DCC) will give us an insight into climate change and how parish councils can do their best to assist with the current climate change problems.
